

Special Bulletin 1 March 2009

RBAG membership reminder

There are still a number of vacancies for people to represent local highway authorities from some regions in England, Wales and Scotland. Please contact us if you would be interested in filling any of these vacancies (see table at end of bulletin for list of regional representatives and vacancies).

Condition of unclassified roads

Matthew Lugg has written to local authorities in England, inviting them to provide information gathered through CVI and DVI surveys and processed through UKPMS, so that a nationally consistent picture can be built up, as a basis for local authority benchmarking, and to provide nationally consistent statistics. **A copy of his letter is on the UKPMS website (http://www.ukpms.com/owner_forum/shared_files/CSS%20letter%200-%20Condition%20of%20Unclassified%20Roads%20-%2028_11_2008.pdf).**

TRL is assisting the CSS to gather the results this year and, so far, we have responses from 102 English highway authorities (see table).

	Number of Authorities	Length of Unclassified Roads	Percentage by Authority	Percentage by Length
Total	149	181953.00		
Not yet responded	47	28341.51	31.54%	15.58%
Responded	102	153611.49	68.46%	84.42%
Have provided PI	41	55512.40	27.52%	30.51%
Will provide PI	53	89866.80	35.57%	49.39%
Not able to provide PI	8	8232.30	5.37%	4.52%

If your local authority has not yet responded and is willing to have its survey results used in this way, please would you contact Tom Evans at TRL (Uroads@trl.co.uk)?

Contact details

You are welcome to pass a copy of this bulletin on to anyone else who may be interested in the subject.

If you wish to be added to the circulation list for future newsletters, please email your details to us at newsletter@ukpms.com.
